

Nature's Greatest Showcase

GALÁPAGOS ISLANDS

Black volcanic rocks, white-sand beaches, sapphire-blue waters, and sherbet horizons. The amazing wildlife and rugged natural beauty of the Galápagos Islands await your discovery.

3 Reasons to Cruise with Hurtigruten Expeditions

1. Incredible Wildlife

Known as the "Big 15," the Galápagos Islands are home to some of the most unique species on the planet, including Darwin's iconic finches, iguanas, giant tortoises, Blue-footed Boobies, and more.

2. Small-Ship Experience

With a maximum capacity of 90 guests, our state-of-the-art cruise ship takes travelers on an immersive, intimate journey to locations that larger ships simply cannot reach.

3. Explore With Experts

Our Expedition Team of experts serve as invaluable hosts during your expedition, guiding you through a wide range of activities both ashore and on board, and imparting their extensive knowledge through informative lectures.
